**(chorus)**

**The Lord is here, The Lord is here.  
He's healing hearts, restoring lives;  
The Lord is here.**

**The Lord is here, The Lord is here.  
He's standing strong, right by our side,  
The Lord is here.**

**(verse 1)**

**Walking on the water with Jesus,  
Coming forth out of the grave.  
Eating fish and bread with the Master,  
Crying, "Lord, my soul You saved".  
My eyes were opened from blindness,  
He touched me, now I can hear.  
Leprosy left me in moments,  
Demons fled from Him in fear.**

**(verse 2)**

**He stopped the bleeding within me,  
He caused my lame legs to stand.  
He stood beside me at the well,  
Then He prayed, and healed my hand.  
I pulled in nets that were breaking,  
He calmed the storm and the sea.  
He is my Lord and my Saviour,  
He has miracles for me.**
